

Shala Pravesh Samaskar

The Havan ceremony was performed at DPS Panipat city, junior on the auspicious occasion of first day of the school to seek the blessing of God for the complete session. The Vedic Havan is a systematic and scientific practice of purifying the environment through the burning of natural plant products, as prescribed in the ancient Indian scriptures. The positive energies created were clearly visible on the faces of students and the faculty which added spark to their excitement and happiness on the first day of the new session.
